The **A.L.A. Booklist** is a list of books recommended for purchase and is made up through the collaboration of librarians, trustees, and commissions. Its purpose is helpfulness in book selection, especially for small libraries, and it deals only with recent and moderate-priced books. The first part, entitled For small libraries, has in view libraries spending from fifty to three hundred dollars a year for books; and the second, entitled For larger libraries, has in view those spending from three hundred to a thousand. Reading lists of wide range of interest will also be included.

Prices of net books marked ** are subject under the rules of the American Publishers' Association to not more than 10% discount to libraries within a year of the date of publication (given in parenthesis after the year). Those marked * do not come under the rules, but are generally charged at a small discount. Prices marked † or unmarked are usually subject to a discount of 33⅓, or 25%.

Following the note are given items helpful in cataloging. 1. The Decimal classification. 2. The Expansive classification. Furnished by W. P. Cutter, Librarian Forbes Library, Northampton, Mass. 3. Suggested subject headings and references for a dictionary catalog. 4. The order number for Library of Congress cards followed by a figure indicating the number of cards necessary to catalog the book with the headings suggested, including a title card. The price for Library of Congress cards is 2c. for the first card and ½c. for each additional card for the same title ordered at the same time. Books followed by sign ✠ are suggested for first purchase. The size is given when more than 25 cm. or less than 15 cm.

AMERICAN LIBRARY ASSOCIATION

At a meeting of the Council in Atlantic City on March 10, the following amendment to bylaw 1 of the A.L.A. constitution was adopted: Insert after the word " January " the words " save that for the first year the dues for individuals shall be three dollars. Any person renewing membership shall pay all arrears of dues or else the dues required from new members."

The significance of this amendment is that after June 1, 1906, all persons in library work must pay $3 for first year's membership in the A.L.A. and that old members who have allowed their membership to lapse must pay $3 to rejoin. The regular annual dues remain at $2 as heretofore. The new amendment in effect creates an entrance fee for first joining or rejoining. This matter is of special interest to all library workers not now members of the Association. It is to their interest to send $2 to the treasurer, Mr. G. M. Jones, Public Library, Salem, Mass., before June 1, since, if they wait until the conference, it will cost them $3. Members of the Association get free the annual volume of Proceedings, the monthly A.L.A. booklist, the official handbook of the Association and all circulars relating to the annual meeting from the secretary's office.

The A.L.A. will be represented by an exhibit at the Jamestown (Va.) exposition in 1907. The Executive Board has appointed the following committee to arrange for this exhibit:

Mr H. J. Carr, chairman, Mr Melvil Dewey, Miss Isabel E. Lord.

NARRAGANSETT PIER CONFERENCE

Beginning June 29, 1906

The A.L.A. Rooming Committee (address 10½ Beacon St., Boston, Mass.) will assign all rooms both in the large headquarters hotels, and in the boarding houses and cottages where cheaper rates for a very limited number can be had. Rooms will be assigned in order of application. *Do not write to hotels but to the committee.*

The proposed post-conference cruise has been abandoned as not enough favorable replies were received before March 1st to warrant the travel committee in chartering the steamer. The final circular, to be issued June 1st, will suggest plans for post-conference trips of interest.

Persons not now members of the A.L.A. who expect to be present should send in their applications for rooms as early as possible. A circular giving prices and other information about hotels and railroad rates may be had on application to

A.L.A. PUBLISHING BOARD

Lists of books in Italian, French, German and Spanish are in preparation. Libraries having lists of books in these languages are asked to send copies to the A.L.A. Publishing Board, 10½ Beacon St., in order that the compilers of the Board's lists may have the advantage of suggestions to be derived from them.

Annotated titles of books on English and American history published in 1904, selected and annotated by W. Dawson Johnston and Philip P. Wells. The American history titles form the annual supplement to Larned's Literature of American history. Price 25 cents.

The Arbor Day list printed in the March number of the Booklist has been reprinted. Price 5 cents each; or $1.25 per 100.

Copies of the list on Political Economy and of the Christmas Bulletin can still be furnished at 5 cents each; or $1.25 per 100.
